Audiobooks

(Mobile Devices)

Using the OverDrive Media Console App

Hardware:

Mobile Device

Software:

OverDrive Media Console App*

Initial Setup:

2. **Download** the *OverDrive Media Console* app.
3. **Open** *Overdrive Media Console*. You can create an OverDrive account* by **tapping** *sign up* or you can skip this step by **tapping** *do this later. (**Creating an OverDrive account is an optional feature that is not required for borrowing and downloading titles to your device.)***
4. Authorize your device with an Adobe ID. If you do not have one, **tap** *Get a free Adobe ID.* Once you have set up an *Adobe ID,* return to *OverDrive Media Console* and enter your Adobe ID and password.
5. **Swipe from left to right** to access the *menu*.*
6. **Tap** *Add a Library.*
7. **Search** for *Seminole County Public Library* by name, city, or zip code.
8. **Tap** *Seminole County Downloadable Library.*
9. **Tap** the star to save *Seminole County Downloadable Library* to your device.

Checkout and download:

1. **Open** *Overdrive Media Console*.
2. **Swipe from left to right** to access the *Menu**
3. **Tap** *Seminole County Downloadable Library*.
4. **Tap** *Sign In*. Enter your **14 digit library card number** and **tap** *Sign In.*
5. Search or browse for a book available "MP3" format and **tap** *Borrow.*
6. **Tap** *download.*
7. The title should automatically start downloading to OverDrive Media Console.
8. To leave the catalog and access the titles you checked out, **swipe from left to right** to access the menu* then **tap** *Bookshelf.*
9. **Tap** the item to begin listening.

Early Return for Overdrive Media Console:

1. **Open** *OverDrive Media Console.*
2. **Tap and hold** the title you wish to return.
3. **Tap** *return.* You will be prompted with a second question asking if you are sure you want to return or delete. **Tap** *return.*

* OverDrive accounts (available on devices running Android 4.0 +, iOS 6.0+, or Windows 8/RT) offer a number of features such as syncing your progress and bookmarks, syncing libraries saved in the app, save popular searches to your account, and simplify adobe id registration.

* Instead of **swiping** the screen from left to right for menu access, you can alternately **tap** the 3 lines that appear in the top left corner.
