

Gerald “Hutch” Hutchinson is the supervisor for the 4,300 square foot Public Safety warehouse. He has been employed with Seminole County since 2000. Prior to beginning his role with the Fire Department in 2007, he was the warehouse supervisor for the Seminole County Environmental Services Department.

Prior to employment with the County, Gerald was a Senior Instructor teaching fire and safety subjects for private industry and also worked nineteen years within the industrial fire and safety training arena for an electric utility company in the Northeast.

Gerald has twenty years of community service within the volunteer fire service and holds multiple state and national certifications.
