Introduction to ePlan

Electronic Plan Review (ePlan) is a web-based solution that allows plans for Building Permits and Development Projects to be submitted and reviewed electronically, replacing the traditional paper-based method. ePlan will improve the plan review cycle, reduce costs associated with obtaining building permits and development approvals as well as support green initiatives.

This manual provides documentation on the steps involved in the Electronic Plan Review (ePlan) process. It has been prepared as a general reference guide and is not designed to present every detail or situations on every element of the process. There are text descriptions and screen images of the step-by-step tasks necessary to complete a submittal and review using ePlan.

If at any time in the process you have questions or concerns, do not hesitate to call. Be sure to ask to speak to a Project or System Administrator in one of the following divisions:

Development Services Department

Building Division

407-665-7050

bpcustomerservice@seminolecountyfl.gov

Planning and Development Division (Including Development Review Division Applications)

407-665-7371

eplandesk@seminolecountyfl.gov

“HOW TO” Video Tutorials Click [HERE](#)

Electronic Plan Submission

Access:

Access to the ePlan Review system is given through an email invitation after you apply.

Complete the following prior to getting started:

- **Building Permits:** review the available video tutorials, or the "[How to Apply for Your Permit Online](#)" guide for instructions on submitting an application online.
- **Planning & Development and Development Review projects:** please visit the "[Electronic Plan Review](#)" webpage for instructions on submitting an application.
- **Important (to avoid delays):** Review the standards for naming your drawing and document files, sheet sizes, file formats accepted, etc. (**Review the entire "Standards" section of this guide.**)

ePlan Review Invitation Email and Applicant Upload Task

When your application for a Building Permit or Development Project is reviewed and accepted, an Electronic Plan Review invitation will be sent to the ePlan email address provided to Seminole County on your application. For first time users, the invitation email will contain your login information, temporary password and information about the project, including a link to the ePlan web portal.

How do you Send emails from ePlan?

Click the  button> then

 > Choose a "Category" from the dropdown list> Enter a "Subject">

Enter a Description> Click  > Scroll to the **Submissions Group only**.

Applicant Upload Task

NEW! As of April 4, 2016, an **Applicant Upload Task** will follow the ePlan invitation email you receive. This task documents the date and time of your upload and **must be completed** in order for the County to perform the initial Pre-screen Review of your application for a building permit or development project. To accept the task from your task list, click on the task name "**ApplicantUpload**". View any instructions contained in the task eForm. **Complete the task only after your upload is completed.**

Logging In - New Users First Time Login (Internet Explorer Users)

Which Browser Should Be Used:

Internet Explorer (IE)

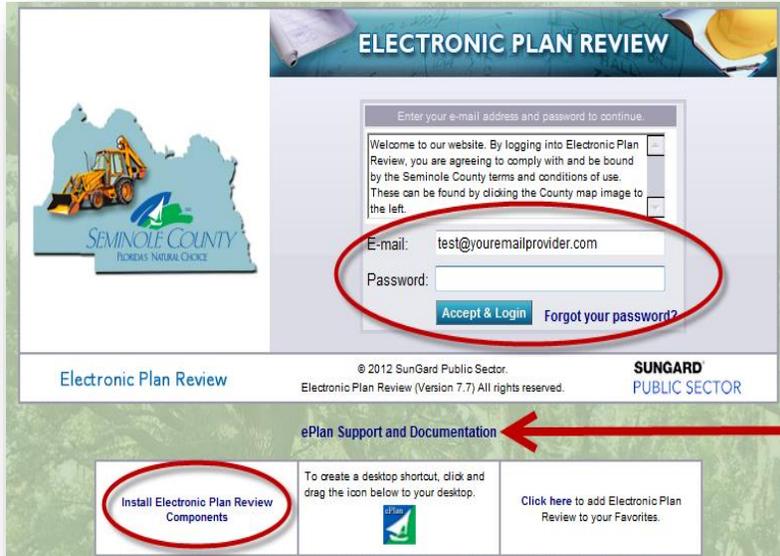

EPlan Review is intended to be used with Internet Explorer for the most robust system experience. This browser requires a download of ePlan Review System components.

Google Chrome, Fire Fox and Safari

These browsers do not require the download of System components . The difference is noticed in the File Viewer window and is not a significant impact to the Applicants.

For use with Internet Explorer:

1. Prior to logging into Electronic Plan Review (ePlan), your computer must be configured properly. For detailed configuration instructions, please visit:
<http://www.seminolecountyfl.gov/departments-services/development-services/planning-development/electronic-plan-review/electronic-plan-review-setup/index.stml>
 - User Account Control (UAC) must be turned off initially for the ePlan installation to occur correctly. It can be reset back to the previous setting following installation.
 - If using a computer with Internet Explorer (IE) 9 or 10 or 11, you must enable Compatibility View.
 - Pop-ups must be disabled in your browser or an exception added to allow pop-ups for eplan.seminolecountyfl.gov. If you login to ePlan and no ePlan window appears, you probably have a pop-up blocker in use that is preventing the main project window from opening.
 - The login page has an MSI (Microsoft Silent Install) component required to install Electronic Plan Review ActiveX controls when using Internet Explorer (see image below). This installation will only need to be done once; if you utilize a different computer, it will require another installation of the components for that computer.

TIP!

Click the ePlan Support and Documentation link shown here to access the

- To sign in, enter your email address and temporary password provided in the invitation email. Click the “Accept & Login” button shown in the image of the login screen above.
- Enter your new password and personal account information. All fields in yellow are required. Click on the “Save” button to save your profile.

Settings for Building Division (test@youremailprovider.com) Highlighted fields are red

Welcome to Electronic Plan Review.

Since you currently have a temporary password, you will need to change it to a permanent password and (if you have not done so) enter a security question and answer. This question/answer will be something that only you know, and will enable you to reset your password if you ever forget what it is.

After you have changed your password you will be taken to the main Projects View.

Change Password: New password:* [yellow] Confirm new password:* [yellow]

Password Reset Question & Answer: Security question:* [yellow] Security answer:* [yellow]

Password must not contain special characters, must contain at least one digit and one alphabetic character, and must be between 8 and 32 characters.

Profile Information

Contact Information	User Metadata	Project Membership	Group Membership
<p>* Required field</p> <p>First Name * Building Last Name * Division</p> <p>Email * test@youremailprovider.com <input checked="" type="checkbox"/> HTML format</p> <p>Title</p> <p>Company * Seminole County Growth Management</p> <p>Address 1 * 1101 E. 1st Street</p> <p>Address 2</p> <p>City * Sanford</p> <p>State/Province * FL Postal Code * 32771</p> <p>Phone * 407-666-7050</p> <p>Mobile</p> <p>Stamps</p> <p>Language * en</p>			

TIP!

Consider a generic corporate email account as the login to prevent later access issues due to staff turnover.

Existing Users

- If you are a returning user, login to ePlan with your full email address and password.
- If you have forgotten your password, click on the “Forgot Password” button so that you can retrieve it through your security question.
- NOTE: No one can see your password or security question answer. If you cannot access your account after trying to retrieve your account information, contact a Seminole County ePlan Administrator at 407-665-7050 for Building Permits or 407-665-7371 for Development Projects to have your password reset. An email will be automatically generated and sent to the account holder login/email address with a temporary password.

Standards

Plan File Naming Standards

When preparing to upload your drawings / plan pages to the ePlan system, please follow the file naming structure and file types shown below:

Drawings

1. All drawings must be **uploaded as individual PDF or DWF file types** to the “Drawings” folder and saved in a landscape orientation, by sheet name. DWF files types must be saved with only one “view” prior to upload to ePlan.
2. Vector and non-vector PDF are accepted.
3. To retain layers on files converted to PDF from CAD extensions, make sure compatibility is set to Acrobat 6.0 (PDF 1.5) or higher. Users should also make sure that “Create Acrobat Layers” is selected in the Export Adobe PDF dialogue box.
4. All drawing file names will begin with a three digit number that flows in sequence. Example: 001, 002, 003 etc. **Important Note:** The plan Cover Sheet must always begin with 001 and the Index Sheet must always begin with 002 (unless combined with the cover sheet). **(DO NOT use any dates, special characters, quotations in your file names other than decimals.)** File names shall not be longer than 70 characters as this can cause file upload issues.
5. The second part of the file name will be any alpha-numeric number you have assigned to each page. Example: L1 Landscaping, E1 Electrical, etc.
6. The third part of the file name will be the title that you have given each sheet. Example: Building Elevation Detail, Electrical Riser, Site Lighting, Foundation, etc.

TIP!
Use a decimal to insert a new plan page into existing plans in the order you wish it to appear.

See below for a sample of sheet names using the requested ePlan numerical sequence with your individual alpha-numeric sheet # and sheet titles:

ePlan sequence number **Your Alpha-Numeric Sheet #** **Your Sheet Title**

001 CV Cover Sheet and Index
002 C1 Site Plan

Documents

1. Documents containing multiple pages such as truss engineering, energy calculations, product approval forms, geotechnical reports, stormwater reports, etc. must be uploaded to the “Documents” folder as multipage files and the file name shall indicate what the document is.
2. Separate document types shall be uploaded as separate files.

File Type Standards

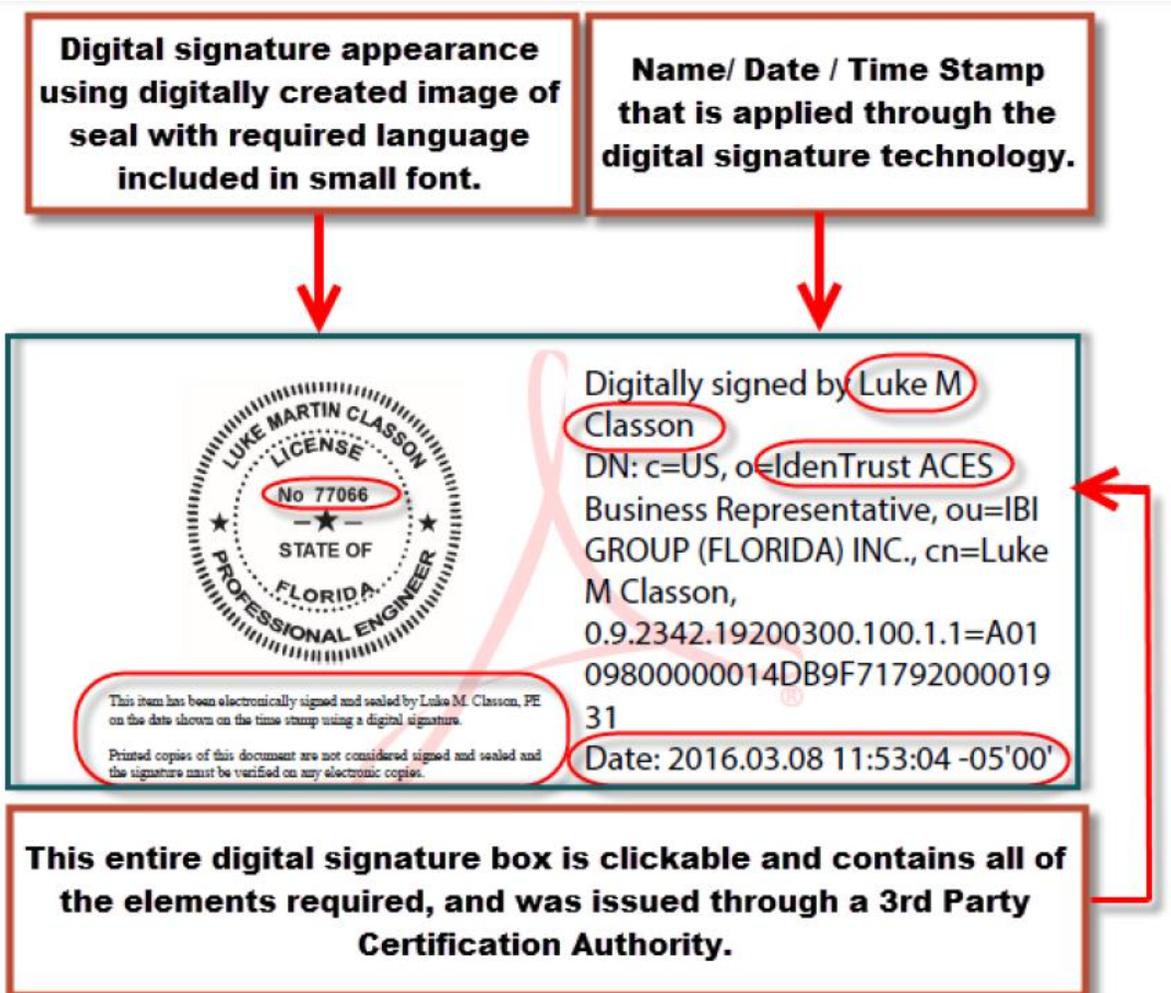

- Searchable PDF files are preferred for calculations, reports and other supporting plan documentation (non-drawing files).
- Both vector PDF and non-vector PDF files will be accepted for drawing files. Since AutoCAD software is commonly used to create drawing files, converting a DWG to PDF file print ready is the preferred secured file format and works well for digital signatures discussed later in this Guide.
- Converting your AutoCAD files to a Vector PDF is preferred to speed up the review process. It is recommended that drawings created in AutoCAD are converted to a Vector PDF within the AutoCAD program itself. In addition, the newest Adobe Acrobat (not the free version of Adobe Reader) will accommodate the creation of a Vector PDF.
- Customers whose AutoCAD system does not have the capability to create Vector PDF files may upload standard PDF's generated directly from AutoCAD.
- For AutoCAD file types, Seminole County will only accept DWF extensions. Other extension types may interfere with applying an embedded digital signature certificate to the file. **Please see the next section regarding Digital Signatures that have been verified through a 3rd Party Certification Authority.**

WHY VECTOR PDF'S?

Vector based PDF's can be scaled by any amount without any degrading image quality. It allows the plans to be reviewed in a much higher level of clarity on a computer screen.

Digital Signatures - Design Professional Stamps and Signature Standards

- Digital signatures are permitted by the State of Florida Administrative Code that governs each design professional's license.
- Effective July 1, 2015, all files prepared for upload to the Seminole County ePlan Review System by any licensed design professionals shall contain a digital signature certificate that has been issued by a valid 3rd party Certification Authority (CA) and contain an image representing the design professional's seal as described in the Florida Administrative Code and/or Florida statutes for each discipline, their license number and their name. The following is an example of an acceptable appearance of a digital signature with a security certificate that has been issued through a 3rd Party Certification Authority. For more details see the Digital Signature web page found [here](#).

- Files signed/sealed with a digital signature will have the digital signature applied to the file such that it is visible and embedded in the originating PDF or DWF document by the signer using a Private Key. Scanned files of applied digital signatures are not accepted as valid.
- Digital signature certificates cannot be self-validated. Seminole County requires all State Licensed Professional Engineers, Architects, Landscape Architects and Professional Surveyors and Mappers to obtain a digital signature security certificate through a 3rd Party Certification Authority firm which has verified their identity.
- Would you like us to check your new digital signature to ensure it meets requirements before you submit any digitally signed/sealed files? Doing so allows their digital signature certificate to be verified and distributed to appropriate review staff to add to their list of trusted certificates. If you wish to do this, please digitally sign/seal the [Digital Signature Delivery Form](#) and email it to the ePlandesk@seminolecountyfl.gov . This action does not preclude design professionals from digitally signing/sealing their submitted work for final approval.
- A trusted 3rd party Certification Authority is a non-biased commercial entity that verifies the design professional's identity using various methods. Once the design professional's identity has been verified by the CA, the CA issues a digital signature security certificate to the design professional for a fee. The digital signature has both a Private and Public Key and an expiration period.
- The private key issued by the CA is known only to the design professional for their sole use as described in the Florida Administrative Code.
- The public key is an automation tool contained in the embedded digital signature certificate that is used by County review staff to access the digital security certificate to verify its authenticity and ensure no changes were made to the file since it was digitally signed/sealed.

Electronic Signatures – Professional’s Electronic Data Delivery System (PEDDS)

- **Effective June 30, 2015, the use of PEDDS 3.7 by design professionals as a paperless signing method expired.** This coincided with the Florida Department of Transportation’s sunsetting of the PEDDS Client in favor of digital signature certificates issued by a 3rd party CA. FDOT will no longer provide technical support for the PEDDS Client.

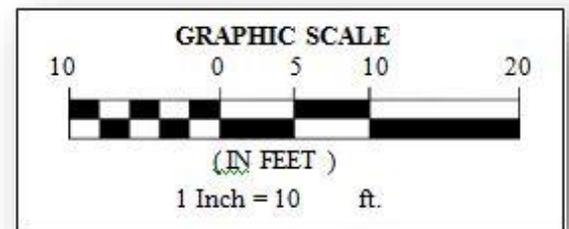

Folder Structure Standards

- All Building permit or Development project application forms must be uploaded into the “Application Documents” folder for each project.
- All drawing files must be uploaded into the “Drawings” folder for each project.
- All supporting documents must be uploaded into the “Documents” folder for each project. Sample document types would be truss engineering, energy calculations, product approval forms, geotechnical reports, stormwater reports, etc.
- The eForm Attachments folder is **not** used for uploading of files.

Graphic Scale Standards

- Plan pages should be properly oriented in landscape mode for efficient review.
- Each sheet must have a typical graphic scale as shown in the image to the right.
- When more than one scale is used on a sheet, an independent graphic scale must accompany the applicable detail.
- All plans must be drawn to scale.

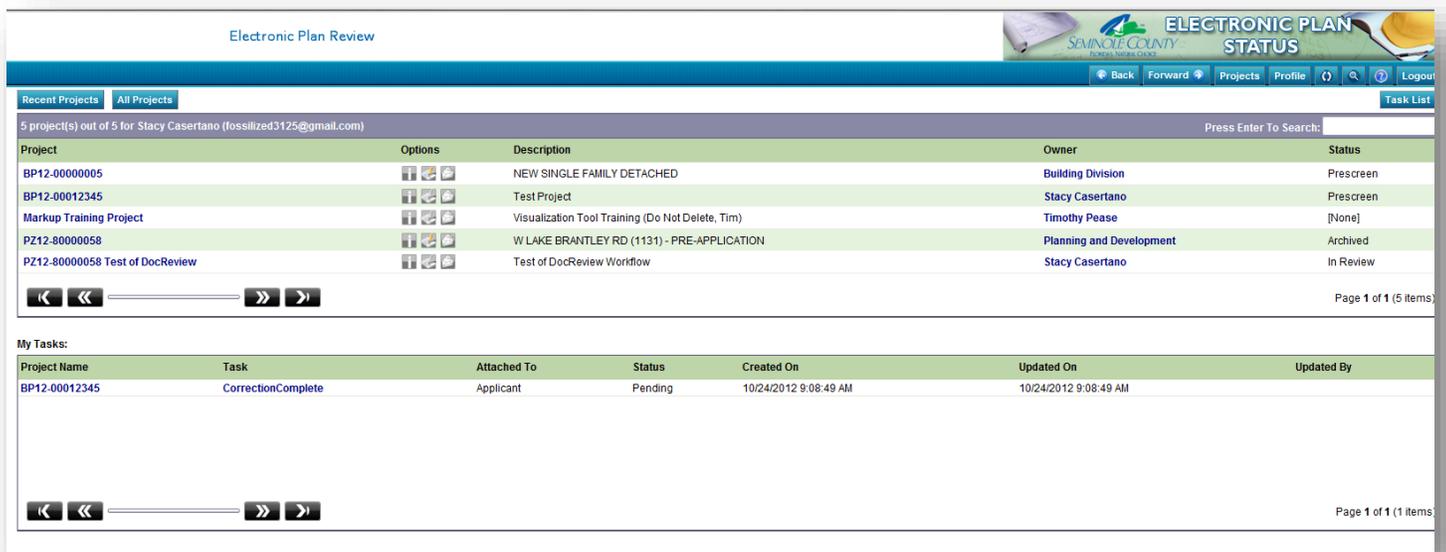

File Sheet Size and Orientation Standards

- For Development Projects, all drawing files must be drawn and formatted for a minimum landscape 24" x 36" sheet file, except Plats which are drawn to a 20"x24" sheet file. Any exceptions must be approved by the Planning & Development Division.
- For Building Permits, all drawing files must be drawn and formatted for a minimum landscape 24" x 36" sheet file or landscape 11" x 17" sheet file for smaller scale jobs (pool enclosures, pools, termite repairs, etc.).
 - **The use of hyperlinks to point to details and call outs on drawings is highly encouraged and makes the review process quicker.**
- Application Documents shall be saved and uploaded in portrait orientation as individual files.
- Plan pages shall be saved and uploaded in landscape orientation as individual single page files.
- Documents shall be saved and uploaded in portrait orientation. If a document contains multiple pages, it may be uploaded as a multipage file, the file name describing what it is (truss engineering, energy calculations, stormwater reports, etc.)
 - **The use of bookmarks in multi-page documents is highly encouraged and speeds the review process as well.**

Uploading Plan Drawings and Documents

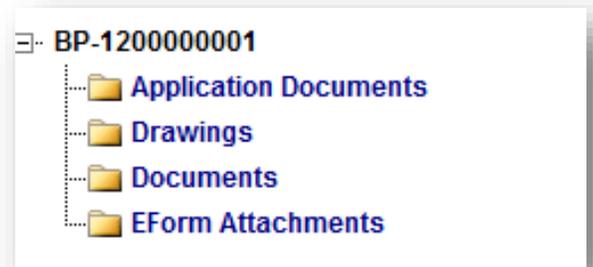

- When you have successfully logged in to ePlan, the “Project” screen will display. Any projects for which you have access will display in this list. Any outstanding tasks that require your action are displayed in the “My Tasks” area below the project list. Select the specific project that corresponds to the plans you will be uploading by clicking on the project number. The projects are listed in order by application number (i.e. BP11-00001234, Planning & Development projects will have a PZ prefix).

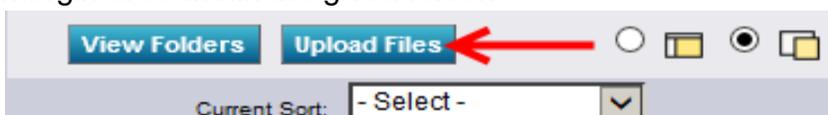

Project	Options	Description	Owner	Status
BP12-00000005		NEW SINGLE FAMILY DETACHED	Building Division	Prescreen
BP12-00012345		Test Project	Stacy Casertano	Prescreen
Markup Training Project		Visualization Tool Training (Do Not Delete, Tim)	Timothy Pease	[None]
PZ12-80000058		W LAKE BRANTLEY RD (1131) - PRE-APPLICATION	Planning and Development	Archived
PZ12-80000058 Test of DocReview		Test of DocReview Workflow	Stacy Casertano	In Review

Project Name	Task	Attached To	Status	Created On	Updated On	Updated By
BP12-00012345	CorrectionComplete	Applicant	Pending	10/24/2012 9:08:49 AM	10/24/2012 9:08:49 AM	

- Click the “Drawings” folder name to upload your plans or the “Documents” folder name to upload supporting plan documents or the “Application Documents” folder name for all forms related to the project application. Follow the prompts for uploading your plans and documents.

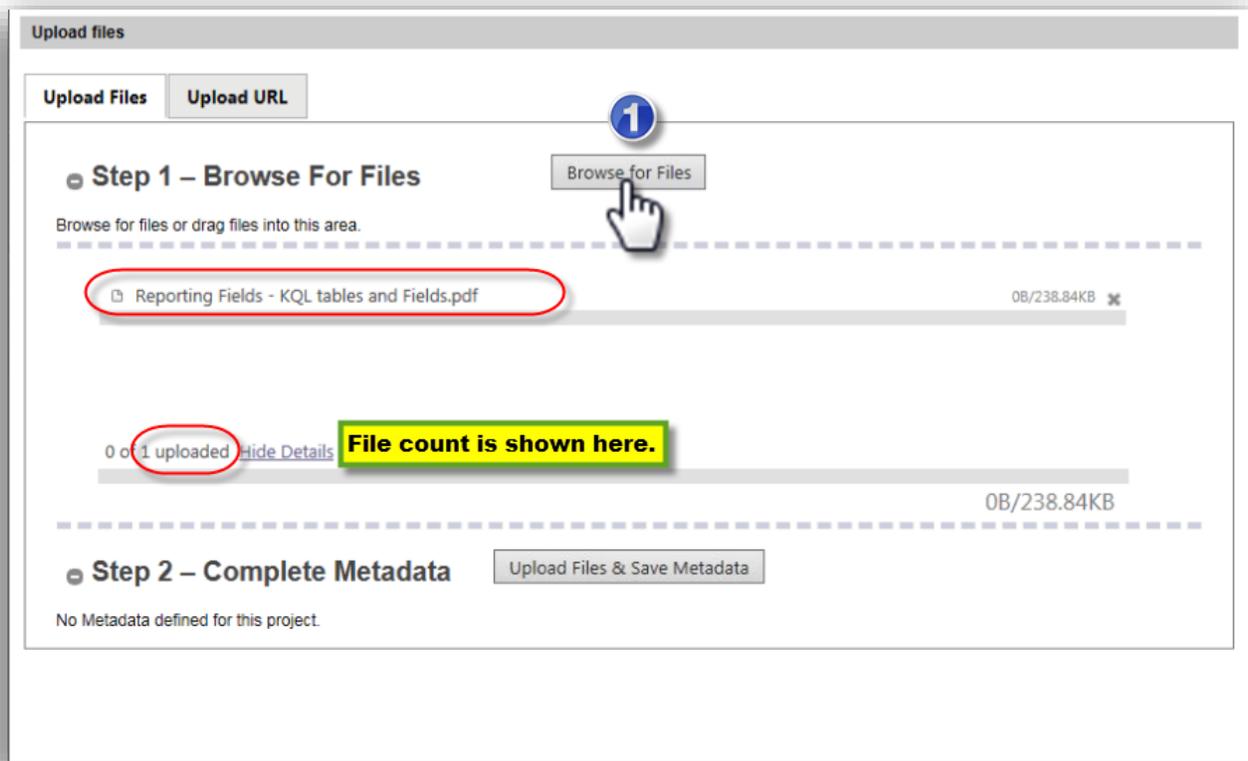

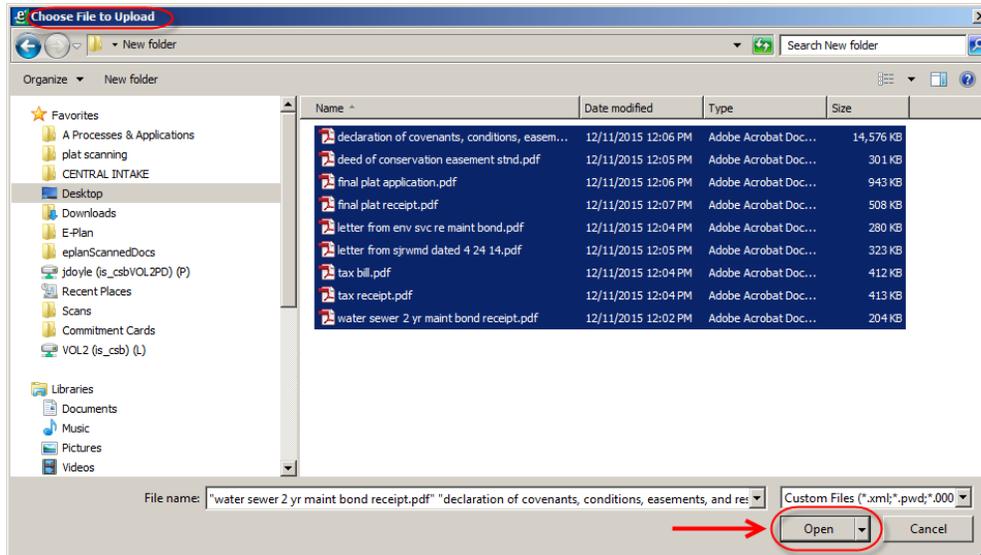

- Click the “Upload Files” button located in the top left margin area within the given folder.

- Select or browse to the file location on your computer. Select or highlight the files you want to upload; multiple files can be selected by using your Shift or Ctrl keys. Click the “Open” button.

NOTE: Seminole County requires that all drawings be uploaded as individual files and in landscape orientation, by sheet name according to the file naming standards contained in this guide. All documents shall be uploaded in portrait orientation. See pages 6 & 9 respectively.

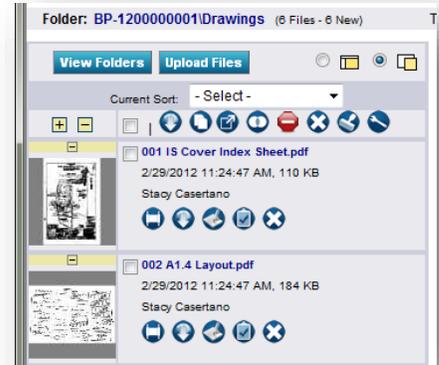

5. After reviewing the files, click the “Upload Files and Save Metadata” button. The files will be copied to the upload window. Click on the “Close” button to close out of the dialog box.

Note: Seminole County does NOT require / use file Metadata. Clicking this button will upload all of your selected files.

6. Notice that after files are uploaded to the folder(s), the folder list is populated with thumbnail images of each file contained in the folder. Under each thumbnail, the file name, author, date, and any relevant file icons display. A

visual “X” 

or triangle with an exclamation point  in the thumbnail image may indicate there is an issue with the file. Please keep file names less than 70 characters and do not use dates in your file names.

7. **After all documents and drawings have been uploaded, it is important that you complete your Applicant Upload task eForm.** Completing this task will notify the Submissions Group that you are ready to begin the Prescreening process and will send the County a task.
- For ePlan workflows started on or after April 4, 2016, you no longer need to send an email notification to the County. Simply complete your Applicant Upload task. Click on project number> click the task list button> click the task name shown and a task eForm will open in another window> after your upload is complete, scroll to the bottom of that eForm and click the Applicant Upload button.
 - For workflows started prior to this date, please send an email notification to the County using the email  button in the project dash board window. (See pg 24 for complete visual examples of sending an email if needed).
 -

NOTE: For Planning & Development projects, fees must be paid at the time of application submittal.

NOTE: For Building Division permits, plan review deposits are required to be made prior to plan review by cash/check or by setting up an escrow account.

Security Timeout

Due to security and resource concerns, the system will automatically sign you out after 90 minutes of inactivity. When you are ready to resume working with the system, click any button on the ePlan screen. The system will automatically load the sign-in page for you. You can also close the web browser window and reload the sign-in page manually in a new browser window.

<https://eplan.seminolecountyfl.gov/epr>

Prescreening

Prescreening Has Been Approved

- If your submittal is sufficient to begin the review process, your plans and documents will continue through the ePlan system for review by Seminole County.

Prescreening Has Been Returned

- If your submittal requirements were not sufficient, you will receive an email notification that prescreening has been denied and corrections are needed.

Electronic Plan Review
Task Assignment
PreScreening Review Corrections Required

Please do not reply to this email, it is system generated.

Hello:

A Prescreening Review of your uploaded plans and documents was performed and the submittal was found to be incomplete. Please login to the Electronic Plan Review System, click on the task for this project and review the comments. When you have addressed them, please mark this task as complete in the eForm. Please contact the Building Division at the number listed below if you have any questions regarding this email.

Project Name: BP13-00000003
Project Description: ALTERATION TO COMM STRUCTURES
Task: CorrectionComplete
Instructions: Please review the Prescreening notes and submit the required drawings and documents.

Login to Electronic Plan Review

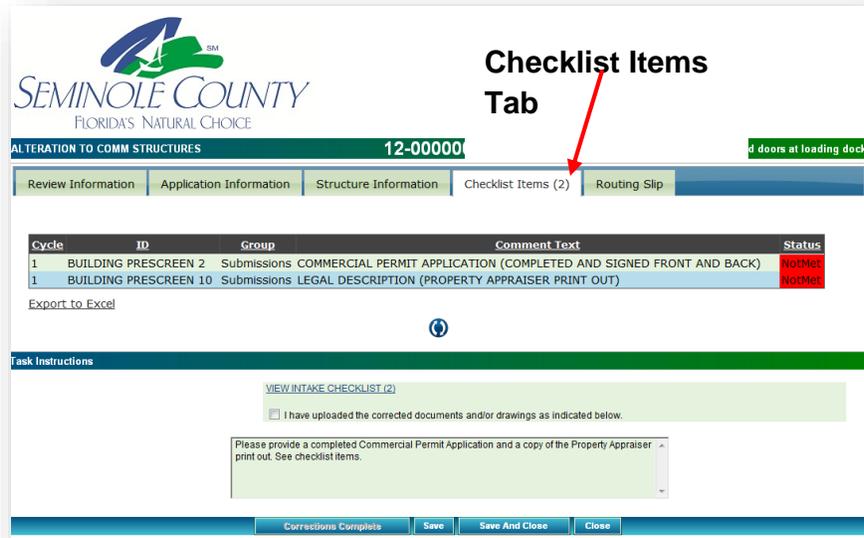

Seminole County
Building Division
1101 E. 1st Street
Sanford, FL 32771
407-665-7050
BPCustomerService@seminolecountyfl.gov

1. Login to Electronic Plan Review. Find the project and associated task in the Task List, click the "CorrectionComplete" task name and accept it. The task eForm will open. Do not sign off on the eForm until you have completed your upload. Doing so closes you out of the folders and sends the County a task to perform.

Project Name	Task	Attached To
BP12-0000015	CorrectionComplete	Applicant

- Review the checklist items (if any) by clicking on the Checklist Items tab and read any items listed in the Task Instructions text box. Click the “Save And Close” button at the bottom of the screen until you are ready to upload missing or corrected drawings and/or documents.

Task Instructions

[VIEW INTAKE CHECKLIST \(2\)](#)

I have uploaded the corrected documents and/or drawings as indicated below.

Please provide a completed Commercial Permit Application and a copy of the Property Appraiser print out. See checklist items.

Corrections Complete Save Save And Close Close

- After you have identified the missing or corrected drawings and/or documents to upload, click on the project to open the project page.
- Upload the drawings and/or documents as instructed earlier in this guide.
- Click on the “Task List” button in the project view and select the “CorrectionComplete” task in the Task List section.

TIP! If using a browser other than Internet Explorer, the eForm (shown above) may look slightly different but still contain the same content.

Project Name	Task	Attached To
BP12-0000015	CorrectionComplete	Applicant

TIP! Use the Reports tab or Project Reports button in ePlan and select the  to copy and paste EXACT file names you're updating. This will ensure that they “version” over the other files properly which is a requirement when making corrections to existing files.

- After you are satisfied that all the requirements have been met, select the “I have uploaded the corrected documents and/or drawings as indicated below” box and click the “Corrections Complete” button at the bottom of the form. This will notify the Electronic Plan Review Submission Group that you are ready for Prescreen Review again.

Change Requests and Plan Resubmit

After plan review for your project is complete, change requests and/or review comments may require plan corrections or changes.

- You will receive an ePlan email notification from the Review Coordinator requesting corrected plans and/or documents.
- Click the link “Log in to Electronic Plan Review” in the email to access your projects.
- Once logged in, select the “ApplicantResubmit” task for the project requiring corrections. Click “Yes” to accept the task and open the eForm to access the corrections requested.

My Tasks:

4. Click the markups icon  to open the list of markups attached to the file.

- To view the markups on the file, click the "View" box beside the markup name(s) and then click the "View" button.

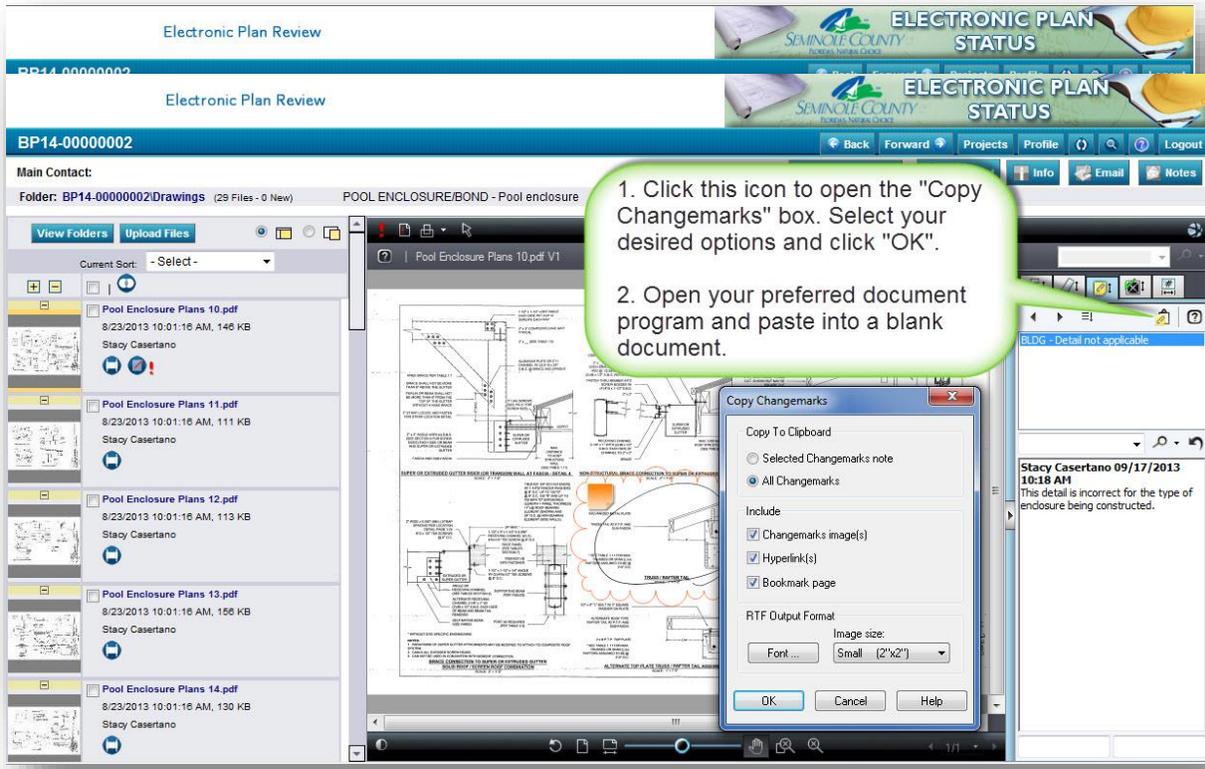

Sample Changemark

How to Open Markups on a File Already Open:

1. Click “Review” and markups open for review will appear.

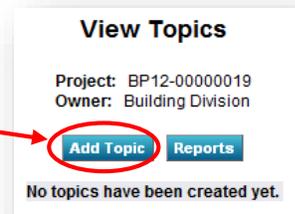

2. Click on the markup(s) you wish to display and click “OK”. Markups can be exported to your preferred document program (Word, Outlook, etc).

Outside User Project Access

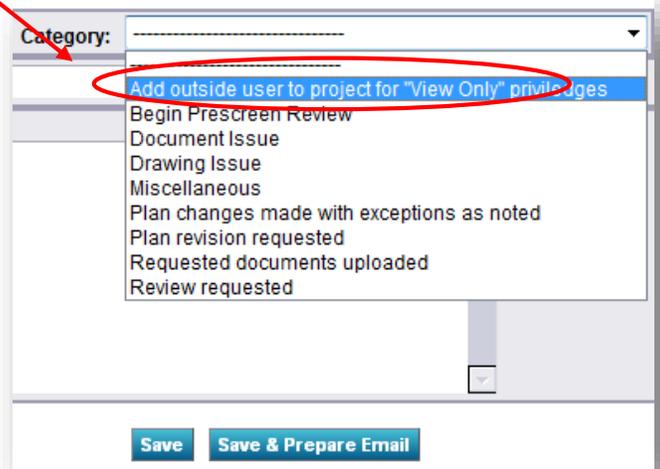

To request an outside user (design professional, consultant, etc.) have access to your drawings, changemarks and any other requested corrections, follow the steps outlined below:

1. The Submissions Group needs to know that you would like to add a user to the project for viewing access only. Do this by clicking the  icon near the top right corner of the ePlan window.
2. A window will pop up; click the “Add Topic” button.

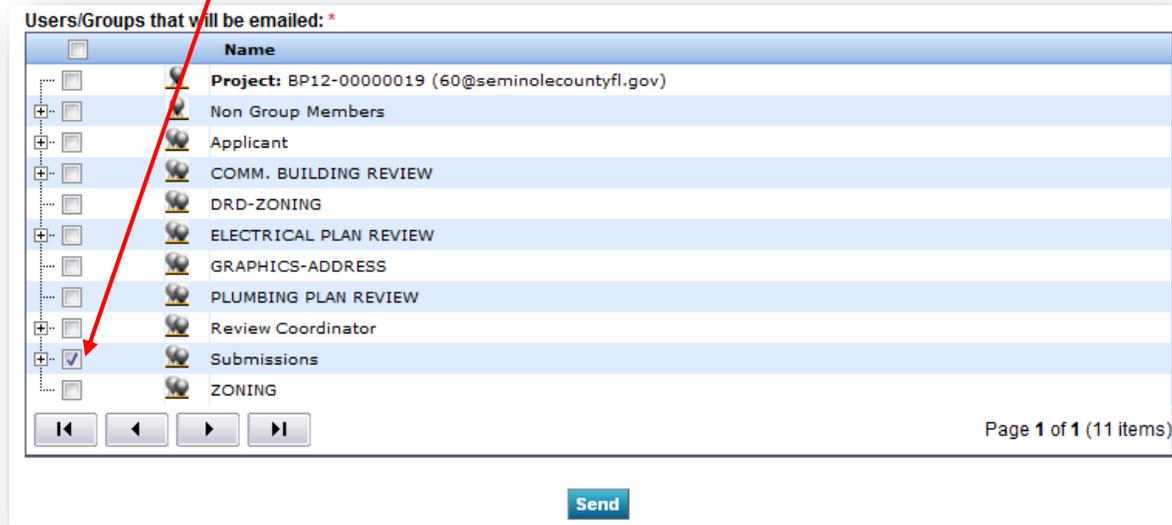

3. Select the “Add outside user to project for “View Only” privileges” category from the drop down menu.
4. Enter a **subject** and in the description list their complete name and email address, then choose “Save & Prepare Email”.
5. Use the arrow keys to scroll to, and place a checkmark in the “Submissions” group and click “Send”.

Category: [dropdown arrow]

- Add outside user to project for "View Only" privileges**

Upload Corrections

1. Login to Electronic Plan Review to upload the corrected drawing(s) and/or document(s).
2. Ensure that the corrected drawings retain the same file name and size as the originals.
3. Check if a new version number is created when you upload. If no new version number is created, confirm the file actually changed. **If there were no changes to the file, a new version will not be created and the file will NOT upload.**
4. Verify all plans and documents that have markups have been corrected. Failure to submit corrected plans will result in a submittal being returned for corrections.
5. When your corrected document(s) or drawing(s) have been successfully uploaded into the correct folders, click on "Applicant Resubmit" task to open the eForm and go to the "Review Information" tab.

- Confirm you have completed all task steps by reading and checking each box.
- Click the "Complete" button. **IMPORTANT:** Without completing this step, you're application **WILL NOT** move forward in the review process. This action will notify the Review Coordinator Group of your resubmittal.

DEPARTMENT REVIEW - Review Cycle: 1

CYCLE	DEPARTMENT	REVIEWED BY	STATUS & NOTES
<input checked="" type="checkbox"/>	1	RES. BUILDING REVIEW STACY CASERTANO SCASERTANO@SEMINOLECOUNTYFL.GOV	Corrections Needed See checklist items and plan markups above.
<input checked="" type="checkbox"/>	1	ZONING STACY CASERTANO SCASERTANO@SEMINOLECOUNTYFL.GOV	Corrections Needed See deficient checklist item and markup attached above.

Task Instructions

- I have reviewed and addressed the Checklist Comments provided on the "Checklist" tab above. Please click on the tab and review each item. Each comment will be indicated as "Met" or "Not Met". If you would like to export a list of the comments to Excel, click on the "Export to Excel" link in the upper right.
- I have addressed all of the items in the File Markups above that were identified during the Plan Review.
- I have uploaded the revised drawings into the "Drawings" folder and, if requested, uploaded any revised documents. original files.

Note: DO NOT click the "Complete" button until your submittal is ready. This action will send the permit or project back to the County for processing and review.

Buttons: **Complete** | **Save And Close**

Standard Colors for Markups and Changemarks:

- Standard markup names and colors will be used for each reviewing agency for easy identification. (See tables below and on the following page.)
- A markup can have one or more changemarks.
- A changemark is a plan callout created by County review staff to quickly identify a markup and associated comments. (See sample changemark on the following page)
- Changemarks are created to quickly identify a markup and associated comments.
- Each agency changemark will be numbered starting from 01 for each sheet/file.

Approval

Building Permits

- When the plan review is approved by all reviewers and the permits have been created, you will receive a task in ePlan to select your method of payment (Building Permits only).

My Tasks:

Project Name	Task	Attached To	Status	Created On	Updated On
BP13-00002194	PaymentSelection	Applicant	Pending	6/3/2013 11:24:22 AM	6/3/2013 11:24:22 AM

Select the "PaymentSelection" task and accept it to open the eForm.

POOL ENCLOSURE/BOND 13-00002194 test application

Review Coordinator: Stacy Casertano (scasertano@seminolecountyfl.gov)
 Review Cycle: 1
 Workflow/Activity Name: BPStartWorkflowSimple2013 / PaymentSelection
 Activity Instructions: Please review the amount due and the instructions and select a payment method. If paying by credit card, please complete the transaction before clicking the complete button.
 Current User Logon: Stacy Casertano (fossilized3125@gmail.com)

Task Instructions

FEES DUE
 Amount Due: 494.99
 Fee Notes: If paying by credit card, please complete your payment following the instructions provided before clicking "Complete" below.

INSTRUCTIONS
 Please view the amount due and select one of the three payment types listed below.

CASH OR CHECK
 ESCROW
 CREDIT CARD

CREDIT CARD INSTRUCTIONS
 The maximum amount allowed to be paid by credit card is \$494.99. If paying by credit card, please complete your payment following the instructions provided before clicking "Complete" below.

You can pay online with a credit card by going to <http://egov.seminolecountyfl.gov/Click2Gov/BP/>.

1. Click on "Select Permit".
 2. Select an option: "Application Number", "Street Address", or "Parcel" and enter the information for the option you chose then click "Submit".
 3. Click on "View Application Fees". Select the fees you need to pay then click "Pay Now".

NOTE: You will be charged a \$3.00 convenience for each processed credit card transaction.
 Contact us at bpcustomerservice@seminolecountyfl.gov or call (407) 665-7050 for any questions.

IMPORTANT:
 For credit card users, follow the instructions shown and complete your payment now before clicking "Complete".
 Cash or check payments shall be made after clicking "Complete".
 Escrow payments will be handled internally after clicking "Complete".

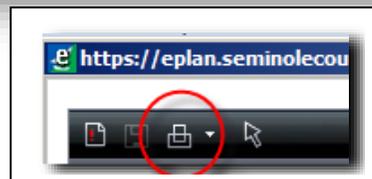

When done selecting and/or making payment, click "Complete".

Complete

- After payment for the building permit has been processed internally, you will receive an email notification that your approved plans and documents are available for download in the Approved Drawings and/or Approved Documents folder(s).

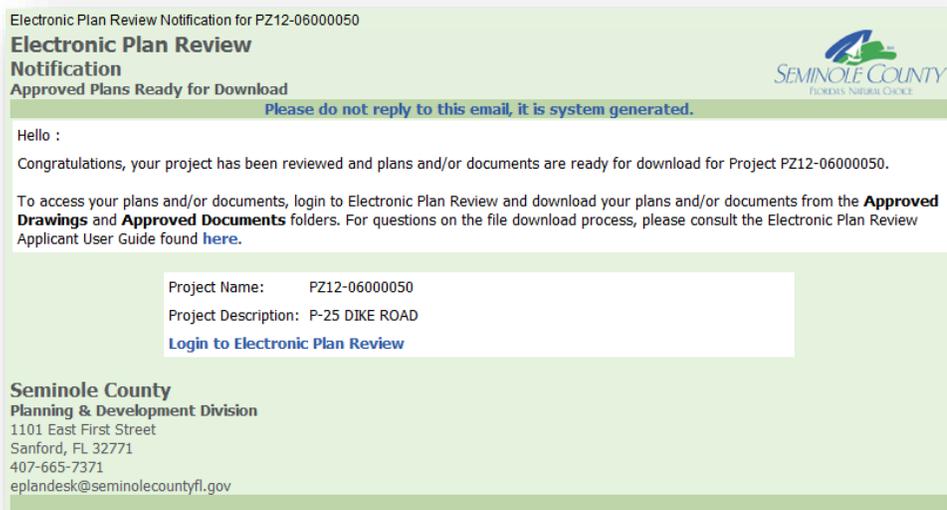

- The plans and associated specifications / documents need to be present on the jobsite. You can print files by opening them in the viewer window and clicking on the printer icon as shown.

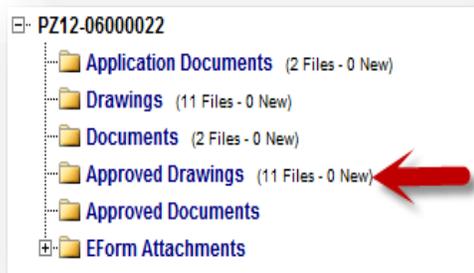

- NOTE: If you aren't able to print large scale plans, you will need to have the stamped plans printed at your local print shop. You can download all the files using the download icon in the project window and save them to a digital storage location of your choosing.

Planning & Development Projects

- When the plan review is approved by all reviewers, you will receive an approval letter in writing via postal mail or email.
- If a Pre-Construction meeting is required for your project, scheduling instructions for this meeting will be included in the approval letter. Your Approved Drawings and/or Approved Documents will not be made available to you until the assigned Project Manager in the Planning & Development Division has been notified by the Public Works Development Inspections Team that a site permit was issued.
- When you receive the system generated email shown below, this is an indication that you have access to the Approved Drawings and/or Approved Documents.

- Click on Approved Drawings and/or Approved Documents folder to view/download/print the files.

Plan Revisions During Construction

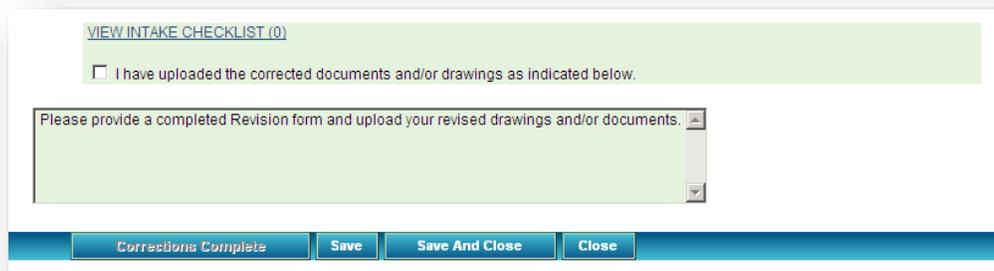

After your plans have been approved and construction has begun, sometimes changes arise that require a formal revision to the approved drawings.

For Building Permits, this is a [Revision After Issuance](#). Send an email from the ePlan project dash board using the  button to the Submissions Group.

For the Planning and Development Division, this is a [Construction Revision](#).

For both Divisions, ensure you send in the appropriate Revision Request forms as required in each Division’s web page under the Forms sections and note payment requirements.

1. Once the Submissions Group reviews the request, the project will be re-opened and returned to the applicant. Click on the “CorrectionComplete” task in the ePlan project dash board under the “Active Task List” heading. The task eForm will open. Follow the instructions provided.

2. Name any revised drawings as indicated earlier in this guide being careful to name them the same as they were in the last upload with the addition of the Construction Revision # as a prefix on the file name (for example: **CR1 001 Cover Sheet**, **CR1 002 Notes/Index**, etc.)
3. Upload form(s) and all the revised plans and/or documents, check the box acknowledging the upload and click “Corrections Complete”.
 - For the Planning and Development Division, it is necessary to submit the Construction Revision Request Form and make full payment for the Construction Revision before the submittal will be routed for review through the workflow.

- For the Building Division, payment must be made at time the revision approval is received by the applicant.
4. The review process of the plan revision will begin and the approval process outlined on earlier in this guide will take place. The stamped plan revisions will need to be printed and present on the jobsite.
